JING Tea

Scattered across the globe, in some of the world's most beautiful yet remote regions, there are some select tea growers who do things the right way. The inheritors of centuries of knowledge, these tea masters draw on their own experience of working with nature to craft single garden teas with extraordinary flavours that speak to their exceptional surroundings.

Founder Ed Eisler launched JING in 2004 to bring the best of these teas to the world. Ever since, we've been going to meet the masters in their gardens, to learn their stories, to share them, and to showcase everything tea can be.

From familiar British classics to rare artisan oolongs, elegant Chinese greens and fragrant botanical infusions, each tea has been carefully chosen to complement the Afternoon Tea experience at The Rex.

Together, they offer a journey through comfort and discovery - inviting you to enjoy new flavours while still finding the familiar pleasure of a traditional afternoon tea.
